

Dear Friends,

I'm an annual sponsor for Music at Trinity. It all started when I attended truly amazing concerts in the series many years ago. My first visit to Trinity Cathedral, where I now attend, was walking into the historically exquisite Trinity Cathedral for a performance. I knew that just because I didn't have a ticket, it wasn't free. That realization grew as each concert was followed by another unique musical experience, open to the community, leading me to offer annual financial support.

As a Friend of Music at Trinity, there is an invitation to hear a pre-concert talk providing a sneak peek into the program that follows. The occasional receptions after concerts have been wonderful opportunities to meet the musicians and attendees. And, the annual gathering of Friends of Music at Trinity is a Sunday afternoon that you definitely don't want to miss. This series goes beyond simply attending a thoughtfully organized performance, well-staffed by faithful volunteers.

If you feel the same way about making sure these concerts continue to be a gift to the community, please join me in becoming a Friend or even consider sponsoring a concert next season. Being part of a series of this quality, one that welcomes everyone at no cost or a small fee, will not only enrich your experience but also bring great joy to those around you. For more information to ensure the upcoming 2026-27 season continues the fine tradition of Music at Trinity series, please visit [trinitymusicaz.org/support](https://trinitymusicaz.org/support).

Sincerely,

Don Swierenga
